FINE CLOTHING,

Second door above the Astor House, NEW YORK.

WOULD SUGGEST to the Trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of

READY MADE CLOTHING.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same also breast being varied to suit different proportions of the same measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of really suiting persons from that lack, it is presumed, has been very generally realized. In a word, strict attention is directed in a determination to render our garments equal in every respect to the best custom work. feb6d3mVOACO

LEGAL NOTICES.

State of Wisconsin, Milwaukee County Court—In Probate.

In the matter of the estate of Samuel Slvyer, deceased.

IT appearing to the satisfaction of this Court, by the petition of Wm. Slvyer and Isabella Slvyer, executors of said estate, that there is not sufficient personal estate in the hands of said executors to pay the debts outstanding against the said deceased, and the expenses of administration, and is necessary to sell a part of the Real Estate of the said deceased for the payment of said debts.

It is therefore ordered, that all persons interested in the said estate appear before the undersigned, Judge of the County Court for said County, at his office in the city of Milwaukee, on the 11th day of March 1857, at 10 o'clock A. M., to show cause, if any they have, why license should not be granted to the said Wm. Slvyer and Isabella Slvyer to sell so much of the Real Estate of the said deceased as may be necessary to pay such debts.

The Storm—Railroad Interruptions.

The heavy rains of Friday and Saturday have no doubt done serious mischief, if they extended far South, tho' the sudden change of the weather, Saturday evening, has doubtless prevented any extensive damage in this State. The Rail Roads were more or less interrupted by the storm.—We had no train from Chicago and consequently no eastern or southern mail, Saturday, a bridge and a portion of the track on the Lake Shore Road having been swept away by the freshet.—The morning train from the West, on the M. & M. R. R., came in on time, but the afternoon trains were stopped by the washing away of part of the track near Whitewater. The in train on the La Crosse & Milwaukee R. R., was thrown off the track, by accumulated ice and snow, and delayed between five and six hours.—It is thought that all three roads will be in good running order again, to-day.

A Case Precisely in Point.

While the Sham Democracy of this State seized with a sudden and violent regard for the Constitution, have, thro' their organs and leaders, made loud and long complaint against the Republicans for violating that instrument in the election of Judge Doolittle to the U. S. Senate, their party friends in New York have been guilty of the same high crime and misdemeanor with which they charge the Republicans here. As there are points in the case precisely analogous to those raised in this State, a brief statement of the facts may interest our readers. On Monday last, the 3d inst., the legislature of New York elected Preston King, Republican, to the U. S. Senate. He received a large majority in both Senate and Assembly. The Know-Nothings voted for Joel T. Headley; the Democrats, for Daniel E. Sickles. The nomination of the latter was effected, in party caucus, after a protracted and bitter quarrel between the various factions which go to make up the "happy family" of New York Democracy. To the nomination of Mr. Sickles, a member objected that votes cast for him would be "null and void" under the following provision in the Constitution of New York:

> Sec. 7. No member of the Legislature shall receive any civil appointment within this State, OR TO THE SENATE OF THE UNITED STATES from the Governor, the Governor and Senate, or from the Legislature, during the term for which he shall have been elected, and ALL SUCH APPOINTMENTS AND ALL VOTES GIVEN FOR ANY SUCH MEMBER, FOR ANY SUCH OFFICE OR APPOINTMENT, SHALL BE VOID.

Whereupon Mr. Sickles himself thus laid down the "Democratic" law on the subject:

> The respectful question of the gentleman deserves a respectful answer. It was with reluctance that I came before the Caucus, but being here, it is proper that I should state why I am here rightfully. There is a clause in our State Constitution, which on its face, purports to render a member of the Legislature ineligible to the office of Senator of the United States. The same provision is in the Constitutions of several other States. It is one of the provisions of the Constitution of Illinois. The Constitution of that State precludes Judges of the Supreme Court, as well as members of the Legislature, and is, in its language, identical with our own Constitution. The question was raised in the U. S. Senate on the election of Judge Trumbull from that State. He was elected while holding the office of Judge of the Supreme Court, and it was contended that this fact disqualified him. But the Senate of the United States, by a two-thirds vote, admitted Judge Trumbull to his seat, although he was a Republican and the Senate was overwhelmingly Democratic. Not only so, but there existed a high degree of political, if not personal antagonism between Judge T. and Senator Douglas, and yet that distinguished Senator voted with the majority. The Senate is the sole judge of the election and qualification of its own members. It had to decide this question when raised, and it did so, as I have stated. The Constitution is the Supreme Law. That instrument declares the qualification of members of the Senate and no State Law or Constitution can nullify any one of its provisions. If the right of overriding that instrument is conceded to any one State, it may be to all. If it can be disregarded, at pleasure, by any one State, it may be by all.—That it can be disregarded at all, is not a democratic doctrine.

Mr. Sickles was thereupon declared the unanimous nominee of the Caucus.

When the election came on, Mr. Wadsworth in the Senate voted for Mr. Sickles. This vote was immediately challenged by another member, as "void." The presiding officer of the Senate, Lt. Governor Selden, overruled the objection and received the vote. In the Assembly, a similar proceeding took place. It is thus reported in the *Evening Journal*:

> Mr. Clinton, when Mr. Allen voted for Daniel E. Sickles, rose to a question of privilege, and, regarding his oath to support the Constitution, challenged the vote just cast, for Daniel E. Sickles, a member of the Legislature. The Constitution declared such votes "void."
>
> The Speaker: The gentleman challenges the vote of Mr. Allen.
>
> The Chair does not feel authorized to refuse the vote of any member, for any cause. But the Chair is of opinion that the vote of Mr. Allen is "void," under the Constitution.

It will be seen from the above brief summary that the Speaker of the N. Y. Assembly took precisely the same ground that our Wisconsin Speaker, Judge Spooner, did, to wit: that though he thought votes cast for Mr. Sickles "void" under the State Constitution, *he* had no right, as Presiding officer merely, to reject them. Nor did Lt. Governor Selden, presiding officer of the N. Y. Senate, pretend to any such right. That gross assumption of authority was reserved for our *quasi* democratic Lt. Governor, Mr. McArthur.

We have referred to these proceedings to show how abundantly they sustain the position taken by the *Sentinel*, in this matter, and for the authority which they furnish against the high-handed act of Lt. Gov. McArthur. While in the opinion of many the votes cast for Mr. Sickles were void, it was never supposed, or urged, for a moment, that the presiding officer had authority to *reject* such votes. It was no doubt the general conviction there, as we have contended here, that every member of the Legislature must judge of this constitutional question for himself; that he is responsible for the votes he gives, whether to elect a Senator, or to pass a bill, to his constituents and not the presiding officer; and that neither the Speaker of the Assembly, nor the President of the Senate, nor the Lt. Governor in Joint Convention, has the slightest shadow of right to reject votes cast by duly qualified members, or to refuse to certify to the result of an election, or the passage of a bill, which he may deem unconstitutional. To invest the presiding officer of a legislative assembly with such a power, is to make him, at once, the conscience-keeper and autocrat of the entire body. That may suit the views of Sham Democracy, but it is utterly hostile to the theory and practice of American Republicanism.

The News and the Know Nothings.

The *News* is excessively provoked at the *Sentinel* for calling attention to its awkward, but natural blunder, in speaking of the "*American*," when it intended to say the "*Democratic*" party. This "slip of the pen" is not surprising, when one considers the intimate relations existing between the Know Nothings and the Sham Democracy. To make amends for thus accidentally letting "the cat out of the bag," the *News* angrily taxes the *Sentinel* with "absolute," "outrageous" and "unnecessary" falsehoods, and roundly asserts:

> "It knows its own party is and has been in alliance with the K. N.'s. It knows its party in our state legislature numbers some twenty-six K. N.'s in its ranks."

No, sir; the *Sentinel* neither knows, nor believes any thing of the sort. If there are any K. N.'s in our Legislature (and the *News* swears to "twenty-six") they are doubtless in the ranks of the Sham Democracy, since every member of this interesting party voted for Judge Dunn, as the democratic candidate for U. S. Senator, in full view of the fact that the Judge led the effort, in our Constitutional Convention, "*to disfranchise foreigners.*" Undoubtedly, if there was any K. N. candidate for U. S. Senator, Judge Dunn was the man and *all the Democrats voted for him.*

Dividing the Spoils.

We learn from the Madison *Argus* and from other sources, that "the Democratic members of the Legislature" have had two, or three meetings to decide who, among the innumerable throng of office-seekers, shall be recommended to Mr. Buchanan for federal appointments in this State. The following are the results, as far as yet announced:

U. S. Marshal—H. M. Billings, of Iowa, *vice* S. V. R. Ableman.

U. S. Dist. Attorney—D. A. J. Upham, of Milwaukee, *vice* J. R. Sharpstein, of the *News*.

Collector at Milwaukee—Moritz Schoeffler, of Milwaukee, *vice* John White.

These recommendations are very respectable ones. The Caucus has proceeded thus far, upon the theory of "a new deal." All the present Democratic incumbents are to be turned out, and their snug berths occupied by others. How the *Ins* relish the proposed change, does not appear, but the *Outs* are clearly in favor of it.

PERSONAL LIBERTY BILL.

In the Senate, to-day, a bill was introduced by Mr. Bean, relative to persons claimed as fugitive slaves. It is about as tight a "personal liberty" bill as could well be drawn, its provisions being generally as follows:

Gives power to County Courts, as well as Circuit and Supreme Courts, to grant writs of *habeas corpus*.

Makes it the duty of all district attornies to look after the rights of persons claimed.

Makes it the duty of all executive officers to give notice to district attornies of such claims.

Directs trial by jury to be provided for persons claimed.

Punishes false and malicious arrests of persons as fugitive slaves with $1000 fine.

Requires direct evidence of two witnesses to establish a claim, and prohibits the taking of depositions to prove claims.

CHICAGO ST. PAUL AND FOND DU LAC R. R. CO.

The bill authorizing this Company to consolidate with the Wisconsin & Superior R. R. Co., troubles the Senate about as much as Waupacca does the Assembly. Thus far, the contest has been between the Menasha interest and the representatives of the Company. The former claim that a promise was given to them that the road should pass through Menasha, and finding that the Company seem disposed not to carry out the arrangement, ask that it be settled in this bill; while the Company don't wish to be obliged to go there. In committee of the whole, to-day, Menasha carried the day, 11 to 8.

Just before the Committee rose, Mr. O'Neill introduced an amendment, very carefully drawn, requiring the Company to make fair and equitable running connections with any and all roads which may come to, or cross their line at any point, and also providing that the Ch. St. P. & F. du L. Co. shall not make any such arrangement of its tariff as to discriminate between through and way rates to the disadvantage of fair competitors. The proposition is so fair, under all the circumstances, that it is to be presumed that this, or something to the same effect, will pass. The provision in the present Wis. & Lake S. Co's. charter requiring such connections does not amount to—well, "to a row of pins."

EXTENDING THE LIMITS OF MILWAUKEE.

I mentioned some time ago that a bill had been introduced in the Assembly for extending our city limits one half section southward. That bill went to the delegation and came back changed so as also to extend the line westward to the same amount, so as to make a straight line on both the west and south boundaries. There was a symptom of opposition this morning when the bill was reached in Committee of the whole, and Friday being one of the days on which bills cannot be debated, the bill was returned to the file.

A GOOD DAY'S WORK.

The day has been spent in good, solid work, business on hand having been pushed forward steadily, though the introduction of nearly *thirty* new bills, some of them quite important, does not look favorably for an early adjournment.—Among the bills introduced, the names of the more important ones have been sent by telegraph.

NO SPEAKER—SPEAKER PRO-TEM.

The Speaker being absent, the Assembly was called to order by the Clerk, and, on motion of Mr. Enos, Mr. Lovell was chosen Speaker, to serve till Mr. Spooner's return.

Among the resolutions introduced this morning was one by Mr. Cameron for an inquiry as to the expenses incurred by Gov. Bashford in prosecuting his rights to the office of Governor. It doubtless contemplates a bill refunding those expenses; and such a bill would be a just and righteous bill, and will doubtless pass, without being clogged with a section paying the defeated party for the expenses incurred in endeavoring to hold on to the post obtained by fraud and forgery.

There was a petition from a few citizens of Jefferson County, asking for an investigation of charges of bribery and corruption in the railroad land grant legislation of last session. A resolution to carry out the objects of the petition lives ever.

Moses M. Strong introduced a bill appropriating $12,000 for the support of the Deaf and Dumb Asylum for the year, $7000 for additional land and repairs, $8,000 to pay indebtedness, and $30,000 for the erection of the main building—making $52,000 in all—only half of the $30,000 to be paid this year, however, and the whole to be paid out of the Swamp Land fund. It looks like a pretty large slice of the public funds, but perhaps the institution has reached that point in its history when the main building is necessary; and if so, it must be provided for.

We get no report yet on the subject of a Lunatic Asylum, but there will be, and humanity demands that there should be immediate provision, by a just and fair law, for such an institution.

THE GEOLOGICAL SURVEY.

Mr. Allen, from the Committee on Mining and Smelting, made an able report this morning, in favor of continuing and completing the geological survey of the State, which was interrupted by the death of Dr. Percival. A thousand copies were ordered printed.

DISTRIBUTION OF OFFICES.

The gentlemen who have come up here from the various parts of the state to settle, if possible, the parceling out of the Federal Offices, have, it is understood, had a good time, and the Barstow wing of the democracy has been "cleaned out." Report say that Don A. J. Upham is recommended for District Attorney, H. M. Billings for Marshal, and Moritz Schoeffler for Collector at Milwaukee. What the defeated minority will do still to compass their ends, remains to be seen.

W. H. W.

A GIGANTIC BARGAIN.—We understand that the Madison & Watertown R. R. Co. are about to purchase that portion of the M. & M. R. R., from Madison to the junction, and from Madison to the Mississippi river.—*Madison Patriot, Feb. 7th.*

We are assured by Directors of the Milwaukee and Mississippi R. R., that they have heard nothing of this "gigantic bargain," and have not the slightest idea of making any such sale.

MARINE LOSSES IN JANUARY.—The N. Y. *Courier and Enquirer*, of the 3d inst., publishes a list of vessels lost during the month of January last past.

The total number reported is 131, of which 24 were Ships, 14 Barks, 32 Brigs, 59 Schooners, and 2 Sloops. The total value of vessels and cargoes, $3,734,200.

Of the whole number, 21 are put down as "missing," and supposed to have foundered, with all on board; while 45 were abandoned at sea. The number of lives reported lost is 81, but if to this be added the crews of the missing vessels, the total will be 353. The *Courier* says that there was never before so large an amount of marine losses reported in a single month, and it is thought to be partly attributable to the increased tonnage of the ships built of late years.

The augmented capacity renders them, by the disproportion to their strength, less fit to withstand severe storms, and also increases their liability to get aground on bars and shoals.

MORE RAIL ROAD EMBEZZLEMENT.—The Louisville *Journal* of the 26th ult. says that at a recent meeting of the Henderson and Nashville R. R. Company, it was divulged for the first time that nearly $600,000 of the bonds of the Company had been misapplied by the Company's agent in London. The bonds were issued three years ago and left in the hands of a brother of the Chief Engineer of the road. He, it appears, used a part, or the whole of the bonds, in London, on his own account. At least the Company can get no returns from the bonds and no satisfactory account from the agent. It is a serious blow to the road.

Melancholy Affair.

It becomes our painful duty to record the untimely death, on Monday night last, of Elder Stephen Drown, of the town of Beaver Dam, brother of Elder Samuel Drown of this City. He terminated his existence by cutting his throat with a razor while laboring under a temporary fit of insanity. Mr. Drown had been on a visit to his friends east; and it is supposed that the excitement and fatigue attending his journey, which was prosecuted day and night, by injuring his health, affected his brain. Some two months since, for the first time, his family noticed occasional symptoms of aberration of intellect. During these periods he seemed oppressed with a melancholy forboding, that his relations and friends were turning against him. In his lucid moments, he was aware of his misfortune, and fearful lest he might be led to commit violence on himself, as his thoughts ran in that direction, while his mind was so oppressed. We learn that on Monday night as usual, he retired to rest, and when his wife had, at last, overcome with watching sunk into a fitful slumber, he quickly arose, proceeded up stairs, where he committed the fatal act.

Mr. D. was an exemplary member of the Baptist Church, in this place. He had been in this country about eight years, and had become distinguished as a faithful Christian and an honorable man. His untimely fate is mourned by a large circle of friends and acquaintances. His wife had lost of faithful husband, his children a kind and indulgent parent, and society a valuable member. Eld. Down was fifty-two years of age at the time of his death, and was ordained to the ministry in 1842.

The funeral, we understand, will take place to-morrow at 1 o'clock, at the Baptist Church in this city.

N. Hampshire and Vermont papers will confer a favor by publishing and above.—*Dodg Co. Citizen.*

THE BARQUE CASPIAN—PERSONS SAVED BY A DOG.—We announced yesterday the loss of the barque Caspian, near Bahia Honda, (not Baracoa) while on her passage from New Orleans to Boston, and the death of Captain Troufatan. When the vessel struck, the Captain was washed overboard, and was found the next morning entangled in the mangrove bushes, and died from exhaustion a few minutes after he was discovered by the people on shore.

When the vessel struck it was found impossible for the boat to reach the shore and on board were the wife of the captain, her sister and two children beside a crew of twenty-one persons.—There was the shore in view and persons standing on it. At length a small dog on board was put overboard, with the end of a ball of twine made fast around his neck. He reached the shore, to the joy of all. A thin line was then made fast to the twine and hauled in shore, and again by its means a stout hawser was got on shore; which being hove taut by a windlass on board, the two ladies and the children were successively placed in a chair, which was suspended from the hawser, and hauled through the surf and waves on shore.—*N. Y. Com Adv.*

☞ A book binder in Racine, Wis, has received an order for an imperial Ledger, of 1,600 pages, from the City Bank, Glasgow, Scotland.—*Dem Press.*

Mr. Boynton exhibited to us yesterday the plan for the cover of the book noticed above. It is an elaborate design, and contains the Coat of Arms of England, Ireland, Scotland, and Wales, and also, worked within the other, that of the Glasgow Bank. The pages of the book are to be bordered with a circular pattern, of the Gothic order, done by a machine of Mr. B's. invention, and will be a style never before used on a book. From the evidences which we have seen of his skill, we have no doubt that the book will surpass in beauty of style, and durability of workmanship any ever before manufactured in the United States. Success to Home Manufactures say we.—*Racine Daily Journal.*

A PAINFUL SITUATION FOR A CHILD.—A Mrs. Ross, at Niagara died very suddenly in the night nobody being in the house at the time but a little grand daughter, aged three years. The child was unable to open the door, and remained until the next afternoon in solitary companionship with the corpse, which lay stretched upon the floor. She was then discovered by the neighbors, who were attracted to the house by her cries.

DEATH OF MR. J. B. HUNT.—Mr. J. B. Hunt, formerly an auctioneer in this city, died suddenly at Natchez a few days since. Mr. H. had received severe injuries in a rencontre with Dr. Hyde, of Arkansas, and to them his sudden decease was attributed. He left a wife, now in Natchez, to whom the Mayor and citizens had extended aid and sympathy in her affliction. Mrs. H. was formerly Mrs. Robert Allen.—*News*, of yesterday.

Notes on Wisconsin.

MADISON, Wis., Jan. 25, 1857.

This State was already increasing rapidly in population and products, but the Railroad Land Grants of last summer have given it a fresh impulse. It is scarcely five years since the Wisconsin River, except for a few miles above its mouth, was supposed to mark the Northern limits of her habitable territory; and already there are said to be 250,000 people living in Wisconsin north of said river; and this number is likely to be swelled to 1,000,000 within ten years at furthest. The south-eastern quarter of the State was already about half settled and is cut up into small blocks by the railroads hitherto projected and partially or wholly constructed by private enterprise; but the magnificent grant of lands by Congress insures the speedy construction of a line (the La Crosse) from the south line of the State northwestwardly across the Wisconsin to the Mississippi; another from Milwaukee by Fond du Lac to the Copper region of Lake Superior: while a third traverses the north-western portion of the State from the Mississippi to near the south-west corner of said Lake. Whoever glances at the map of this State will perceive that these roads traverse regions which, north of the Wisconsin River, would have settled very slowly without them. Assuming that the locations are wisely made, and that the conditions of the land-grants will be faithfully fulfilled by the Companies that have obtained them, I believe the policy of such grants will be fully justified by the event. With such a Tariff as the country absolutely needs, this State will pay more additional revenue into the Federal Treasury within twenty years in consequence of these grants than all the land granted could ever have been sold for. And, with those Roads completed within the next five years, there will be a hardy and industrious population of Two Millions within the present limits of Wisconsin in 1870 and of Three Millions in 1880.

At present, Wisconsin has a railroad from Milwaukee south along the Lake Shore, connecting, through Racine, Kenosha and Waukegan, with Chicago; one from Milwaukee to this city (100 miles) to be extended westward to the Mississippi at Prairie du Chien during the current year; the La Crosse is completed from Milwaukee nearly to the Wisconsin at Portage City; while the Northern Road, that is ultimately to reach the Copper Region of Lake Superior, is in operation to Fond du Lac, if not to Oshkosh, and will soon touch the head of Green Bay. Racine has a road running thirty or forty miles back into the country; while Janesville has for years been connected by a branch with the Madison and Milwaukee Road. Kenosha is threatening another road inland; and every village that is or expects to be, meditates running one to the Lake or to some of the great routes so soon as she can find eastern capitalists green enough to supply the needful. I apprehend, however, that this will be some time after 1857. But the Land Grant roads will be built pretty rapidly, and it seems to be generally agreed that they will prove good investments—the La Crosse especially, as that counts on making itself the great through route, at least for winter travel, to Minnesota and the western border of Lake Superior. If these embryo roads are in the hands of experienced upright, careful, capable men, I presume they will pay, while they are sure in any case to prove great public blessings. They will afford a capacious market for labor, food, timber, and almost everything else, while being constructed, and when completed they will draw in immigration and carry off produce from fertile regions which, but for them, must have been left to wild beasts and their hunters for at least a generation. Standing in this beautiful metropolis of a State which was an unbroken wilderness hardly twenty years ago, and has now a population of at least Seven hundred and Fifty Thousand, and seeing what a prospect the extension of her Railroad system opens before her, I give way to the spirit which infects all around me and cry, Success to Western Railroads!

Wisconsin is to-day an inviting field for the immigrant. Good men assure me that any one who can do a man's work can find employment here at fair wages even in mid-winter—that a good chopper can make $20 per month, while the immigrant who knows very little that will avail him here, but is willing to work and learn, can obtain at least $10 (beside board), with a prospect of doubling it next summer. Girls who can do housework command from $8 to $10 per month, and are much wanted. Those who come here and deport themselves creditably soon marry and leave there former situations for others. I am led to believe that fifty thousand German or Irish laborers and nearly so many women would readily find employment in this State, which would afford the men an average of $150, and the women of $100 for their first year's work. After that, I presume most of them would marry, buy locations, and work for themselves. That it would be advisable for at least half the foreign-born workers on the seaboard for laborer's wages, to migrate as soon as possible to this or some other new State, I cannot doubt. How *can* a man who is a man hang about New York, soliciting employment as a favor, when he can find a place within three days' journey where a hundred employers will eagerly compete for his services, and where he may, by industry and frugality, become owner of a decent farm within a very few years? Men who will hang about New York, pretending that they are not rugged enough to do farm labor, too generally deserve their ill-fortune. "Not rugged enough?" How can you expect ever to be stout and hardy if you linger around bar room fires all winter, waiting for work to come to you on the city pavements? If you really want work, why not go where it is, and work for whatever you can earn, until you gradually harden and school yourself to do a man's part in any field of muscular exertion? I have always preached "Go West!" to those who solicit employment in New York: I shall henceforth preach it more zealously than ever. I am familiar with all the excuses for hanging back, and I know them to be futile. Are you out of money as well as work? Then start Westward at once, inquiring for work, and accept the first offer of anything over your board; when you shall have earned five dollars, live on it while you get further West, until you find some one who will give you ten dollars for a month's work: earn this, and with the proceeds go West, until you shall find some one who will give you $100 or over for a year's faithful labor. Of that $100 you should have $75 clear at the year's end, and with $25 of this in warm, substantial clothing, and the balance in your pocket, you can speedily plant yourself in any part of the Mississippi Valley you may select for your future home. If, after this, you ever want work or money, it must be because you were born to decorate a poor-house.

But needy friendless women cannot travel in the way I have indicated, and in their behalf we must have some public organization to aid the movement of population from East to West. I have heard what they say here as to the facility with which a good girl may come West by Railroad and find a good place, but it does not convince. No man would like to have his sister set down with her trunk and a few dollars in her pocket in a strange city, there to seek a place to earn a livelihood; and what no man would deem fit for his sister, none should deem fit for other women. There should be an association in every county of this and other Western States in correspondence with a trustworthy agency in New York, to which should be confided the duty of recommending and forwarding immigrants—men, women and children. I rejoice to hear that while some men who have been hired in New York, at their employer's cost, have repudiated their own contracts after arriving and gone off in quest of higher wages, there is no known instance of a woman acting thus basely. It would be perfectly safe then for those who want female help in the West to advance the money to bring hither women from the Eastern cities, relying on their engagement to work so long at least as the passage-debt remained undischarged. Men of Wisconsin! you especially who complain that you can't get help, even for good wages, just form an association to promote and aid the influx of such help as you need, and you can obtain it to any extent. Don't rely on our City Associations, which have often proved a broken reed, but employ your own capable and high-principled agent in New York, and let him place himself in communication with all our philanthropic and foreign societies. A fit agent, with $100,000 in his hands, might add at least fifty thousand desirable persons to the population of your State within two years, and nine-tenths of the money advanced would be returned in labor to those who advanced it. Call the residue a dead loss, and it would be many times repaid in the rapidity of improvement and the sale of your lands to thrifty cultivators. Be entreated to try this, and to improve on these hasty hints as much as possible. But don't think of New York's paying money to send away her idle laborers, because that would be cheaper than maintaining them as paupers. If our city should begin this policy of sending off, to diminish her surplus population, ten would flock in on purpose to be sent off for every one thus deported. Some who were sent off one year would be back and ready for a repetition of the process the next season. She might as sensibly attempt to bail out the ocean.

THE HANDSOMEST "SEWING MACHINE."—The Albany correspondent of the N. Y. *Courier and Enquirer*, relates the following anecdote of Gov. King:

Wit is like the jewel, precious in its sparkle and in its rarity. A really clever thing seldom occurs. When it appears, it should be of record. The exhibitor of a sewing machine, now attracting everybody's notice at the capital, had finished a trial of it at the Executive Room.—When the needle had evinced its power to annihilate labor, "Did you ever," said the exhibitor, "did you ever, Governor, see a handsomer sewing machine?" "Oh yes," instantly answered our courteous Chief Magistrate, "a pretty girl's hand!"

MISSOURI BANKING.—The Banking system of Missouri is now to be modified and made equal to the wants of her citizens. A proposed constitutional amendment in regard banks has passed the house by a vote of 97 yeas to 25 nays. Having passed the Senate, it is now a part of the Constitution. Two successive Legislatures of the State have adopted, by a two-thirds vote of each branch thereof, an article proposed to be inserted in the Constitution, allowing the charter of *Ten Banks*, with an aggregate capital of *twenty millions*. A general election intervened between the two votes of the Legislature on the subject, and this is all the Constitution requires to make a change in its provisions. The St. Louis *Democrat* says:

> No Stocks, or Bonds, or Mortgages, or other doubtful representatives of money will be accepted in Missouri as a basis for the issue of notes or representatives of money. Nothing but coin—gold and silver—will be tolerated as is the case with the present Bank of Missouri; so that any holder of a Bank note of this State may know that it represents as many hard dollars as its face calls for.—Several Bank charters have been introduced at Jefferson City. Mr. Blow introduced one chartering the "Bank of St. Louis." This is strongly backed by some of heaviest capitalists of St. Louis.

POLICE COURT, FEBRUARY 7.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Henry Grundman, drunk, fined $1.

Lewis Brennan, creating a nuisance, $2.

George Hutt, charged with larceny from a dwelling house. Case continued past the sitting of the Grand Jury.

Catherine McNichols, for assault and battery, fined $5 and costs.

Circuit Court—February Term.

The February term of the Circuit Court, Judge RANDALL presiding, will commence in our city this morning. The Calendar, both civil and criminal, is quite a large one.

THE WEATHER—SUDDEN CHANGE.—On Thursday night we had several inches of snow and sleet, with the temperature just cool enough to make capital sleighing. This lasted for a few hours, Friday, when snow and ice began to waste away rapidly under the warm breath of a South wind and the dissolving influences of a copious rain. All Friday night the rain fell fast, and by Saturday morning, our streets were running streams, the side walks inundated, cellars flooded, the river rising rapidly, and threatening to throw off its heavy burthen of ice, and everything symptomatic of a break up. Saturday afternoon, however, the wind shifted to the West; the air cooled rapidly; the thaw was checked; ice began to form again; snow flurries thickened the air, and the city awoke, yesterday morning, hard and fast once more, in the fetters of the Frost-King.

CHURCH OF THE REDEEMER.—This new Unitarian Church was opened for divine worship, yesterday, under the Ministry of the Rev. Mr. STAPLES. It is one of the neatest Church edifices in our city. It is built in the Norman style, with high pointed roof, after designs furnished by BOYINGTON & MIX, Architects in Ludington's Block. The Church is 40 by 60, on the ground, and will seat comfortably about 350 persons. It was well and carefully built, by ROBT. DAVIS, and painted in excellent taste by JOHN LOWTHER. The cost of the edifice was about $6,600. The pews and slips will be offered for sale, or lease, this (Monday) afternoon, at 2 o'clock, when the ladies, as well the gentlemen of the congregation are invited to attend.

AUBIN'S PATENT GAS GENERATOR.—A day or two since we gave some account in the *Sentinel* of the various processes of making Gas, and the gradual improvements which have taken place in the manufacture of that indispensable article. Among the more recent inventions for facilitating the manufacture and cheapening the cost of Gas, is "Aubin's Patent Gas Generator." A pretty thorough test, in several large Hotels, and other establishments at the East, has resulted very favorably to this new Generator, and it is coming rapidly into use—By its aid, families and hotels can manufacture their own gas for light, or cooking; while works constructed on this plan, in villages, or cities, cost much less than those built upon the old method, and furnish a purer Gas, at a lower price. Kalamazoo, in Michigan, is just erecting Gas Works on this plan. Other villages in that State are following suit. And if any villages, towns, hotels, or manufacturing establishments in Wisconsin desire to try the experiment, they can obtain all needed information of Messrs. SMYTHE & HOLMES, whose office is in the Milwaukee & Mississippi R. R. Depot. They are agents for the Works, and will dispose of rights for counties.

TO SLEEP COMFORTABLE.—It will cost nothing to try the experiment which a correspondent of the Philadelphia *Ledger* declares succeeded in his case. This is the plan: Place one or two layers of common newspaper between the quilts or covering of the bed. It is recommended by one who says he has tried it with great advantage. We suppose the beneficial effects of the plan proposed arise from the great absorption power paper has. It is well known that there is thrown off from the system through the pores, a large amount of matter, and it is no doubt by the absorption of this, and the heat which becomes unpleasant, that the good claimed operates.

This plan is worthless, except under certain conditions. If the individual who sleeps under these layers of newspapers has paid for his subscription and advertising, then his rest will be refreshing and his dreams delicious. But should the base wretch underneath these newspaper quilts owe the publisher one lonely, solitary "red cent," he will dream of double-barrelled devils with matchbook tails, and his blood will go down to the freezing point.—This is bad enough, without the deprivation of his teeth, which inevitably chatter out with the cold.

BOARD OF TRADE.—The annual meeting of our Board of Trade, for the election of Officers and the transaction of business, will be held in their rooms (Furlong's Block) *this*, Monday, afternoon, at 3 o'clock. A full and punctual attendance of the Members is earnestly requested.

THE CHICAGO ETHIOPIAN MINSTRELS.—This company did not perform on Saturday evening, as was announced in their advertisement, owing to the detention which they met with on the Lake Shore R. R. They will consequently give their first, and *only* Concert at Concert Hall this evening. Don't lose this opportunity to hear them.

PROMENADE CONCERT AND BALL.—Supply Hose No. 1 announce a grand Promenade Concert and Ball, at the new Hall, in "the Albany," on the evening of the 18th instant. To enhance the attractions of the entertainment they have engaged the services of Leland's celebrated Light Guard Band from Chicago.

THE WATERTOWN MAIL.—The mail for Watertown will close hereafter at 5 P. M. daily, Sundays excepted.

WASHINGTON, Feb. 7.

Mr. Weller, from Committee on Military, reported back with amendments a bill to increase the pay of Army officers. He will ask its consideration early next week.

Mr. Toombs presented a memorial from Gen. Shields and other citizens of Minnesota, setting forth that although that territory contains about 200,000 inhabitants, yet it has hitherto received no land grants in conformity with the policy of the government to grant lands upon certain conditions to new States, for railroad purposes.

They set forth that three years ago Congress made a grant to Minnesota for a Railroad, but in consequence of the unwarrantable interference of persons whose interests were not identified with that territory, the grant was subsequently repealed. At the last session there was another application to Congress for aid, but the constant and pertinacious interference of influences extraneous to the government of territories, prevented action on this application, while many other States were made recipients of the bounty of government.

At the present session Minnesota again presented her claims. While House committee on public lands were maturing bills for her benefit the cry of fraud was raised against her. Without wishing to impune the motives of any person, they beg leave to say that so far as Minnesota and her citizens are concerned they invite most rigid scrutiny into each and every act, and are constrained to believe that outside monied and other influence, over which they had no control, have endeavored to make the necessities of Minnesota an opportunity to speculate on the liberality of Congress, and vital interests of that young and vigorous Territory.—Toombs said this petition presented a curious state of things.

CLEVELAND, Feb. 7—5 P. M.

River remains gorged, bottom lands are submerged, and serious losses in flour, grain and lumber, but no estimate of amount can be made. Water works engine house drowned out. Shipping all right now.

NEW YORK, Feb. 7.

The steamships New York and Clyde sailed today for Glasgow.

In the Burdell case, the Misses Cunningham underwent an examination to-day, without developing anything of special importance. The amended return on the writ in the case of Eckel and Mrs. Cunningham, was argued this afternoon.

THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possesses special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to a healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventative for *Fever and Ague, Scarlet Fever, Smallpox, Croup Hoarseness, Colds and Influenzas.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's ready relief will stop, and no system so crippled with infirmities but that the R. R. R. remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Biliousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart*. Now a dose of Radway's Regulators will correct all these difficulties—they will correct the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulate* the bowels, by which all diseased and injurious matter is purged from *the body*, but they control the whole system, and, hence, each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel* [illegible]

RADWAY'S RENOVATING RESOLVENT.

For [illegible] *Salt Rheum, Scrofula, Ulcers, Nodes, Tumors, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Apoplexy, &c; and all constitutional and chronic diseases, either inherited by hereditary transmission, or inoculated by exposure or otherwise.*

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 193 East Thirty-Second st., had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from those horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economising labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

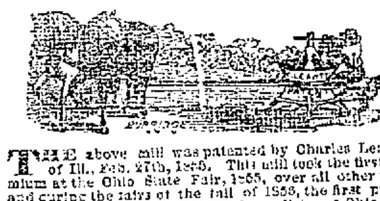
Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.



THE above mill was patented by Charles Leavett, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1855, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery, Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855–56, 2500 were made and sold in Ohio, at Zanesville, by Douglas Smith & Co., Hall & Allen of Mansfield, Eldridge & Faucener of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $35—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

HEALTHY BREAD!

MADE WITH

JAS. PYLE'S DIETETIC SALERATUS

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands not aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.

It is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., C. A. Folsom, Chapin & Gregory, Milwaukee; Ethridge, Shoemaker & Co., Madison. E. H. Jones & Bro., Fond du Lac, Wis; A. Gross & Coag, Chicago. JAMES PYLE,

BOERHAVE'S HOLLAND BITTERS

JE MAINTIENDRAI

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colick Pains, Heartburn, Loss of Appetite, Despondency Costiveness, Blind and Bleeding Piles. In all Nervous Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on their strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
